

Nikki

Thrust into the realities of life at a young age, Nikki uses what she knows and what her two older hoodrat friends, Katasha and FatFat, have taught her to survive. Seeing no future in Chicago, Nikki heads to Atlanta with big dreams and a price on her head. Arriving in Atlanta she looks for a D-Boy to help her on her mission. What started off as a business partnership for her and Prime, turned into a ride-or-die relationship. Everything was lovely on the homefront until the Feds stepped in. Now Nikki is going all out to get the money needed to bring her man back home. Nikki gets the help she needs but what starts out as help, quickly turns to an obsession. After Prime returns, he and Nikki settle back into their old life until her past comes back to haunt her and all hell breaks loose. Now her and Prime are faced with a tough decision kill or be killed.
