

Tales from the Kingdom of Lailonia and The Key to Heaven

This volume contains two unusual and appealing satirical works by the well-known European philosopher Kolakowski. The first, *Tales from the Kingdom of Lailonia*, is set in a fictional land. Each story illustrates some aspect of human inability to come to terms with imperfection, infinitude, history, and nature. The second, *The Key to Heaven*, is a collection of seventeen biblical tales from the Old Testament told in such a way that the story and the moral play off each other to illustrate political, moral, or existential foibles and follies.
