1979... When eighteen-year old Jack Stevens is spotted in his rural Colorado town by a scout from a New York City modeling agency, his life is flipped upside down. With little more than his looks, he heads to New York with a dream he didn't know he had. Jack has a rough start, but finds his feet and embarks on an exciting life as a male model in the 1980s living in Manhattan. 2013... Thirty-four years later, a confirmed bachelor, and very successful, Jack is satisfied with his life, until he meets a breath of fresh air Elizabeth Fairchild. Never in his wildest dreams did he think he'd find a love like he does with Beth. It's an instant connection. Following wild dreams had worked for him in the past. Is this another wild dream he should follow? **WARNING: EROTIC ROMANCE...** This book contains subject material of an adult nature intended for readers of 18 years old and older.
