

Architects Are Here: A Novel

When Gabriel English's partner Nell doesn't come home from work one day, he connects with longtime friend David Twombly for a trip back to their hometown in Corner Brook, Newfoundland, where years back all their lives began to unravel with a tragic drowning. As the journey progresses, secrets are unveiled, a friendship is tested, and there is a run-in with the Hurley family, a family both men have feared since childhood. In *The Architects Are Here*, Winter's fifth and most emotionally resonant novel to date, he explores the nature of grief and friendship in unwaveringly powerful prose, and sheds light on who we are and how we go on when the future seems uncertain.

AGENTS GET FRAMED IN NOVEL ARCHITECTURE: THE SYSTEM ARCHITECTURE DESCRIBED HERE HAS BEEN DESIGNED FOR MULTI-ROBOT Editorial Reviews. From Publishers Weekly. How far would you go to help a stranger?
