

# Here and There Among the Papyri:

Here and There among the Papyri  
Foreword This small book is addressed in the first instance to that wide and ever-increasing public who are keenly interested in the study of the New Testament, and are anxious to know more of the bearing of the papyrus discoveries, of which they hear so much, on its language and literature. Every effort has, therefore, been made to avoid unnecessary technicalities, and no Greek words or phrases have been used without their English equivalents. At the same time, even though it involves some repetition of matter I have published elsewhere, I have tried to give at least an indication of the principal points in the whole field of inquiry. (Typographical errors above are due to OCR software and don't occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text.
