

Love on the Ice (Werewolf Sentinels Book 7)

Book seven in the Werewolf Sentinels series. Carson lost the love of his life four years ago. As a mortal, he had given Laci his heart. But then he went and screwed it all up. Now she's back in Juneau and he's a werewolf sentinel. The moment he sees Laci again, his mating urge takes hold and he knows he must have her. In every way possible. To win her back, Carson must prove he's worth more than a thrilling ride in bed. He's worth forever. Laci decided her ex wasn't going to keep her from the city where she'd been born and raised. She's over him, after all. At least she thought so, until he touched her. She doesn't want to risk her heart, but can't resist her sexy ex. As Carson and Laci grow closer, the shifter side of Carson's life is revealed before Laci is ready. And he has to hope their newfound relationship will be enough to help her accept the man he's become. A Romantic paranormal erotic romance from Ellora's Cave
