

In the Arms of the Wind: Elloras Cave

Kaycee Connor was in the wrong place at the wrong time with the wrong man. Listening to her date being assassinated as she hid in his safe room, she would never forget the chilling words that had come from the killers lips. Assigned to investigate the brutal crime, Police Detective Daniel Gallagher took one look at Kaycee and lost his heart. Trembling, terrified, her eyes filled with hurt, she made Danny feel things he had thought died long ago. Wanting to protect her, to keep her out of harms way, hell do whatever it takes to shield her from danger even if it means going up against a powerful crime family. Hot passion brews like a hurricane along the Georgia coast as Danny and Kaycee weather the storm of desire flooding through their bodies. While the flashing lightning, lashing winds and driving rain whip their yearning to fever pitch, a treacherous enemy lies in wait to blow the lovers apart.
