

## Vouloir (Passion Noire) (Volume 1)

Bestselling author J.D. Chase is back with a new three-part series, *Passion Noire*.

*Vouloir*: to want (French) Most of us want what we can't have ... Former Commando, Jones, is used to getting what he wants and he never has to beg. Six feet four. Blond. Eyes of glacial blue. Ripped. Inked. Unmistakably alpha. Dangerously dominant. Sexual therapist, La Veuve Noire, always gets what she wants but it's seldom for her own gain. Her motivation is the wellbeing of her clients. She's the best in the business, having learnt that keeping everyone in her life at an emotional distance is the key to success. That is, until The Kid tumbles into her life and scrambles into her heart. The mysterious, damaged nineteen-year-old turns her ordered life upside down. She's known as the Patron Saint of Waifs and Strays for a reason: she gives them hope, and with hope comes healing. She's determined to turn The Kid's dark past into a bright future. The club, *Vouloir*, is her escape. There she can indulge her own and others' particular needs. Complications arise in the form of a new member who reminds her of a past she strives to forget. A former Royal Marine. Blond hair. Blue eyes. Unmistakably dominant. Definitely dangerous. He's locked and loaded. His sights are set: on her. Some of us want what we shouldn't have ... Advanced praise for *Vouloir*: This was a thrilling and unique book. I've not read anything like it before. The whole concept of this book was so enthralling and different. It captured my attention from start to finish. I read it in all one sitting! *Vouloir* is explicit, sexual, gripping, saddening and mind-blowing. One minute you think you know what will happen and then bam... especially that ending. That I didn't see happening. Wowza!~ The Book Obsessed Momma Wow oh wow! J.D. Chase has created an amazing piece of work! I was instantly drawn into the book and couldn't escape (granted I really didn't

want to). Vouloir took me on a adventure in a realistic world with characters I want to know. La Veuve Noire is such a deep character and so much more than I thought. Shes so strong but vulnerable, detached but loving... Shes one of my all time favourite characters. I may have finished this book a couple of hours ago but I havent recovered from my book hangover ~The Cosy Reader

Bravismo Ms. Chase! The definition of WANT has been perfectly construed in this read. This woman, Veuve, deserves ten out of ten and five gold stars in my book. I ask the author for more! For once in my reviewing life, I can honestly say that the cliff hanger is perfection. I laughed, cried and I blasphemed in this read.~ Kindle Friends Forever Simon & Schusters The Hot Bed:Five Chilli rated HOT READWe loved it! JD broaches some pretty heavy and dark subjects, but she masterfully balances out the intensity with some hilarious one liners. JD has you heartbroken, turned on, full of hope, nervous, excited, inquisitive, praying and much much more, so as a reader you definitely get one heck of a journey for your money! JD had me begging for more of this story. 5 stars ~ Literary Lust Vouloir is quite simply an amazing mesmerising read. Its completely different to anything I have read before. Its deeply dark, it sucks you deep within the binds of its gripping pages. Its a huge eye opener of a book, truly a work of art. J.D. Chase drew me into this world from the very start and I literally did not want to let go. The writing is superb. Flawless to the point where reading is almost like living alongside the characters in a real world. VOULOIR is definitely worth five massive stars! ~ Claire Fully Reads Its an exceptional read. It made me cry, laugh, and sigh. Everyone should read this book! ~ My Book Obsession This series runs post/parallel to Rouge Passion but can be read as a standalone series.
