

# 1. Jakarta / Greater Jakarta 1:21,000 (International Travel Maps)

This double-sided map shows Greater Jakarta on one side, with its expressways and inter-urban train network. It includes the airport, the city centre, the enormous soccer stadium (worth a visit), and the roads connecting the different neighbourhoods of this spread-out city. The other side concentrates on the central core of Jakarta, which is where most visitors would spend most time. Road and rail connections are clearly shown, as well as a good range of embassies, museums, hotels, gas stations, religious buildings, hospitals, and touristic attractions.
