

No Mercy: A Darker Continuation (Volume 2)

Sade and Mercys journey takes a dark turn in No Mercy A Darker Continuation Some nightmares last only minutes. Sometimes those minutes last a lifetime. Dark lusts and self-loathing become a merciless dance Sade cant escape. Surviving one night of horror leads him to a ledge hes never been, where terror mixes with his sadism and masochism for a whole new monster with No Mercy. *****WARNING***** There are scenes in the story that could be triggers for those who have suffered abuse. I did my best to shelter the reader at the more abusive parts while bringing to life a story of darkness that involves varying degrees of sadism and masochism, and the clutch they can have upon ones psyche and sexuality. Read with caution.
