

Tapping the Source

NATIONAL BOOK AWARD FINALIST
A reissue of the classic novel that inspired the movie Point Break and pioneered a genre. People go to Huntington Beach in search of the endless parties, the ultimate highs, and the perfect waves. Ike Tucker has come to look for his missing sister and for the three men who may have murdered her. In that place of gilded surfers and sun-bleached blonds, Ikes search takes him on a journey through a twisted world of crazed Vietnam vets, sadistic surfers, drug dealers, and mysterious seducers. He looks into the shadows and finds parties that drift toward pointless violence, joyless vacations, and highs you may never come down from... and a sea of old hatreds and dreams gone bad. And if hes not careful, his is a journey from which he will never return.
