

The Shape Of The Beast

The Shape of the Beast is our world laid bare by a mind that has consistently and unhesitatingly engaged with its changing realities and often anticipated the way things have moved in the last decade. In the fourteen interviews collected here, conducted between January 2001 and March 2008, Arundhati Roy examines the nature of state and corporate power as it has emerged during this period, and the shape that resistance movements are taking. As she speaks about people displaced by dams and industry, the genocide in Gujarat, Maoist rebels, the war in Kashmir and the global War on Terror, she raises fundamental questions about democracy, justice and non-violent protest. Unabashedly political, this is also a deeply personal collection that talks about the necessity of taking a stand and about the dilemma of guarding the private space necessary for writing in a world that demands urgent, unequivocal intervention.

Guillermo del Toro Discusses His Retelling of Beauty and the Beast at Shape of Water Premiere. Stars Sally Hawkins, Octavia Spencer, If you want to know what to expect from The Shape of Water, just think of it as Amelie meets The Creature from the Black Lagoon except that The Shape of the Beast is our world laid bare by a mind that has consistently and unhesitatingly engaged with its changing realities and often anticipated the - Buy The Shape of the Beast book online at best prices in India on Amazon.in.
