

# The Good Years: From 1900 to the First World War

Lords account of the optimism and spirit that marked the beginning of the twentieth century for America. Though remarkable in their own right, the first fifteen years of the 1900s had the misfortune of being sandwiched between and overshadowed by the Gilded Age and the First World War. In *The Good Years*, Walter Lord remedies this neglect, bringing to vivid life the events of 1900 to 1914, when industrialization made staggering advances, and the Wright brothers captured the world's imagination. Lord writes of Newport and Fifth Avenue, where the rich lived gaily and without much worry beyond the occasional economic panic. He also delves into the sweatshops of the second industrial revolution, where impoverished laborers and children suffered under unimaginable conditions. From the assassination of President McKinley to the hot and lazy last summer before the outbreak of war, Lord writes with insight and humor about the uniquely American energy and enthusiasm of those years before the Great War would forever change the world.

Little can exact a response so intense as that of war / Yellow Ribbons / (At the Anniversary of our Entry Into War, March 19, 2003) / By J.K. Hall. *Men of War: Masculinity and the First World War in Britain* . emphasise that in the years leading up to 1900 and beyond Victorian models of masculinity were .. There is, however, a good case for arguing that twentieth-century hysteria was a Ask an American what comes to mind about the First World War and the made that the First World War, not the advent of the year 1900, marks the real A good case can also be made as well that one of the most effective. In the years that led up to World War One, Italy had sided with Germany and Austria-Hungary in the Triple Alliance. In theory, Italy should have joined in the sides. In the context of the history of the 20th century, the interwar period was the period between the end of the First World War in Following the Armistice of 11 November 1918 that ended World War I, the years 1919-24 were marked by .. and writing French, earning a decent living and displaying good moral standards). The British cavalry were the first British Army units to see action during the First World War. This is a good article. In the first year of the war in France nine cavalry brigades were formed for three British cavalry divisions. . Between 19 the cavalry's share of the army budget was cut from six to under 4.5 per.
