

## Unforgettable (Undescribable Book 4)

Unforgettable is the fourth book in the Undescribable series; Undescribable, Unbearable and Uncontrollable. But Unforgettable can be read as a standalone. My name is Tate. And all my life I have kept secrets. The type of secrets that haunt your dreams at night. I wake up hating the world, and I go to sleep knowing that the memories of my past will visit me-remind me that I once was weak and a coward. Ill never be that man again. But there is one person who has always made me think there may be more to life than hatred and revenge. Missy fills me with hope. But hope is what makes you weak, makes you think you can be better, and its a lie. A man like me deserves to be alone forever because one day, I will come face to face with my past, and I will destroy it. Even if that means destroying myself in the process. But what I didnt know was that she has nightmares of her own-because of me. For the first time in my life, I want to save someone. But how do I save her when I cant even save myself?
