

## Where the Bodies Are Buried

Where the Bodies Are Buried is the latest work from Scottish crime writer Christopher Brookmyre, best known for his comic crime novels. His latest book is just as richly Scottish as his earlier work, but it is his grittiest and most realistic novel yet. When small-time heroin dealer Jai McDiarmid turns up dead one fine Glasgow morning, no one is that surprised - he'd been sleeping with a drug trafficker's girlfriend and had made himself a lot of enemies - so many, in fact, that Detective Superintendent Catherine McLeod doesn't know where to start when she is assigned to the case. Meanwhile, out-of-work actress Jasmine Sharp is doing her best to be a private investigator, but her PI mentor Uncle Jim, who was meant to be showing her the ropes, has just disappeared in mysterious circumstances. She begins looking at the open cases that Jim was investigating - which sends her into trouble, fast. And when she soon finds out that Jim's disappearance has something to do with Jai's death, she teams up with Catherine - and together they stumble upon an old open case which throws everything into question. In Glasgow, nothing is quite what it seems.

We know where the bodies are buried. Who coined this phrase? : I am guessing someone with organized crime. But I will see what the phrase Where the Bodies are Buried is mainstream Glasgow noir, and it proves [Brookmyre] to be just as excellent at the gritty, serious end of the genre as he was dispensing manic humour (The Times) Prodigiously funny and inventive, here he takes crime fans exactly where they want to go (Daily Telegraph) I've been an accountant with this company for over 50 years, so trust me, I know where all the bodies are buried. He climbed to power because he knew where. As the peace process got under way, the I.R.A. agreed to help locate bodies that its members had buried in hidden graves during the seventies.
